# 6220CC 3-Phase Power Carts

## 120/208V 3-PHASE DISTRIBUTION PANELS

### Product Description

Distribution Panels are designed to act as the feeder for the smaller spider type boxes of wired for powering large equipment. A variety of input power available including: direct wire feed, 100A pin and sleeve, or cam type devices. Either a large generator or another large power source may power them. The cart is made of heavy gauge tube steel and provides an easy means of transportation as well as protection for the enclosure. The enclosure is custom built from 16 gauge stainless steel sheet metal. 100A, 200A, 400A and special configurations are available upon request.
